May Virtual Meeting

Darryl Jones

I have possessed a love for making my entire life, encompassing various mediums over time. Woodworking has always had a place in my love of making, even at a very young age. My grandfather was no craftsman, but he built a number of items that worked. While his projects were not beautiful, I was always amazed at his ability to create what he needed usually from what he had on hand. This was perhaps the earliest beginnings of the path I find myself on today.

I am a woodworker and maker that is passionate about learning as much as possible about my craft. I am also a maker that is equally passionate about being a good steward of the craft, sharing and educating others about the craft and the immense joy and satisfaction of creating beautiful and practical pieces with their own hands. I also believe that our country was built by makers but has become a consumerist society, I aim to do my part to empower people to harken back to the founding spirit and start making again. I am looking forward to demonstrating how I make boxes on the lathe.

News

The Empty Bowls Program has been an ongoing organization that we, the members of GTW, have been supporting over the years. Last year, because of the virus, the luncheon was cancelled and they had an online auction. Our donations to them were also way down because of the same reason.

We have been asked again if we would be willing to support the Empty Bowls Program this year. They have an August 15th deadline for donations. Please consider making a bowl or two for their fundraiser this year. We have over 3 months to get some turning done.

Our July demo this year will be on turning a bowl so if you have never turned one or donated one this would be

a good opportunity to give it a try for a very worthy program here in Denton.

There is a possibility that we as a club will be meeting again in person in July and/or August. Plan on bringing your bowls to either of those meetings. If you have any bowls that you would like to donate and would like them picked up, please let me know and I will pick them up.

Please consider helping the Empty Bowls Program this year. Each bowl supplies many meals for those in need in Denton. My contact information is below.

Thank you for your support for the Empty Bowls Program.

We will be able to have live meetings again soon but need help. We need a few people to learn to run the AV equipment before the meetings and operate the equipment during the demo. Please contact Neal Brand if you are interested in helping. nealbrand70@gmail.com

If y'all have any show and tell or president's challenge projects, please email them to me so I can include them in the newsletters.

President's Letter

Great News

AAW Registration for the 2021 virtual Symposium is Open. The Symposium will be on July 17-18 and costs \$45. There will be 12 demonstrators (that's \$3.75 per demo!!). Can't get a better deal than that. SWAT Registration is now open. It will be held on August 27-29 in WACO. The Covid situation is improving rapidly and the convention hall will be 100% open. Masks will not be required--use your own judgement. So far there are 25 vendors registered and more are expected. There will be catered meals as before, with 3 lunches included in the registration fee. Several lathes will be raffled off. You can download the handbook when we get closer to the date since the program has not been finalized yet. Registration is \$140 and the Saturday night banquet tickets are \$35 = \$175 total.

The President's challenge this month is turning a goblet.. Lets see what you can come up with..
