June Virtual & Live Meeting

Tips and Tricks

Instead of a demo, we are having Tips and Tricks for the June program. Everyone is invited to participate! If you wish to present an idea, special tool, technique, helpful hint, safety tip, or anything that pertains to turning, you are encouraged to present it. Please keep presentations to under 5 minutes, if possible. All meeting participants, In-person or virtual, will have an opportunity to present. Let Neal (nealbrand70@gmail.com) know what you plan to present, but if you forget to inform him, you can still give a presentation.

April Demo

Joel gave a great demo on turning these beautiful cast spheres and paperweights. He uses alumilite clear and imbeds an object either through multiple pours or suspending them inside of a round mold he also made. After curing a few days, they are ready to be turned to whatever desired shape you'd like. They require a lot of sanding and polishing but the results are "clearly" worth the extra work!

The Challenges

President's Challenge

The challenge is to turn a laminated piece as demonstrated in Gary's rolling pin demo.

Last month's winner was Gary with 3 different sized bowls out of cut offs from the rolling pin blanks.

Tana's Challenge

Scavenger Hunt

Find the below items and present them to the club in person or through zoom for a chance to win a resin sphere blank like in Joel's demo. You may also email me with your findings (tana6389@yahoo.com) if you'd like. All participants will have their name in a random drawing.

1. Something you have turned.
2. Something you have made without a lathe.
3. A picture of your ultimate woodturning goal.
4. A decoration you didn't make but could have.
5. The most important item in your shop.
6. A picture of you as a child or young adult.
7. Get a real flower.
8. An item that starts with the first letter of your last name.
9. Something with wheels .
