Topic : Pepper Mills

This is my 6th year as a wood turner. About eight years ago I built my workshop, thinking about a hobby upon retiring. One day I went to our local Ace hardware store to

pick up some tools. While talking to the storeowner about my shop, he mentioned that there was a local wood turner that came in the store a lot. I asked if he would give him my address. One Saturday morning I walked Wayne Clowers, so we went to his shop and we turned a bowl. Later he was turning a peppermill. I was fascinated by the peppermill, so I ordered myself a dozen mechanisms and started turning peppermills. I have been under Wayne's wings ever since. Then I saw Max Taylor's peppermills and Max demonstrated how to make the laminated peppermills. As a result of these two individual's influence, they have increased my knowledge of peppermills. .

Special thanks to Darlene Aerts who donated Bob's lathe, tools and wood to GTW. Bob is very ill and can no longer do his wood turning. Many people will benefit from this donation in helping with their craft which in turn helps with Empty Bowls and Beads of Courage. Here are a couple of pictures from the donation.
