Inside Out Demonstration

I joined DAW in the spring of 2004. My only turning experience prior to that was wood shop class in 10th grade. Soon after joining the club I purchased a JET 12x36 where I began turning pens and doing a lot of practicing with beads and coves. I have

turned bowls, tops, performed demos for various club events and enjoy helping other learn new process and techniques. Somewhere along the way DAW brought in a turner from Austria who specialized in the use of the Skew. I guess that was what lead me down the path of spindle turning and practicing using the skew. I look for projects that involve turning between centers and recently complete several 3 leg stools both short and tall. In 2006 I entered a Tea Set in the Sate Fair and took First Place.

For the Januarys demo I will be showing how to turn an “Inside-Out” turnings by turning a baby rattle. Mostly I have turned these rattles for friends and family. I have expanded inside-out turnings range from big to small. I find these turning fun and challenging both to the skill and imagination. I also like the “wow” factor when someone looks at it asking “ how did you do that”? The table pictured here was entered in to the Texas State Fair in 2011 and took 2nd place in the Wood Turning category. It is made from an Ash log that I found sitting curb side.

Golden Triangle Christmas Party

This year's GTW Christmas party was a major success. There was good food, good company, and good people. The Solberg's put together a fantastic presentation of our club and the year 2015 events and follies. There were some fun games to be played which was very entertaining and thought provoking. We had a lot of great prizes and the gift exchange was really awesome. It is amazing how many members and wives are so talented with their handmade items and bring so much joy to the club. Please mark your calendar for next year because it is so worth coming and being part of the this festive event. Here are some pictures of the event.
