July Virtual & Live Meeting

John Solberg

The program for July will highlight the fun of bowl turning. We will explore various shapes and sizes that make up pleasing looking bowls. I will start with a look at the various tools that I use and how they are sharpened. We will then explore the different methods of mounting a bowl blank; between centers, face plate, screw chuck, scroll chuck, glue block, and types of tenons. I will then mount a blank, develop a chucking method, and turn both the outside and inside. Then we'll discuss the different ways to remove and finish the bottom of the bowl. Along the way I'll talk about sanding and finishing.

We have many good bowl turners at GTW and everyone has their own way of turning. The July demo is my way of turning a bowl. It is not the only way or perhaps not even best way! But it is my way. It is a method that works well for me. I encourage you to develop your own methods and build on those skills.

We had a request come in for some fun! Jon Lindgren's 80th birthday is on August 7th. His daughter Amy requested us to send a card for a card shower. He moved to Des Moines, Iowa about 2 years ago. He is a gifted turner especially on his hollow spheres and embellishing them with his art. His daughter's address is:

Amy Lindgren
6386 NE 8th Ct
Des Moines, IA 50313

If y'all would like to have a birthday calendar, please email me at tana6389@yahoo.com with your birthday and I can have a monthly birthday list.

News

On July 10th, the Visual Arts Center will be hosting artists to demonstrate our talents. GTW will have a booth in which we will be turning a number of objects so locals can see what we make and how. We also may be able to get a table to sell some turned items. If y'all would like to donate an item or two to the club, please bring it to the July meeting or contact a board member for pickups.

August 18th is the deadline for donations to the Empty Bowl Program. Please bring bowls you'd like to donate for that to any of the live meetings or contact one of the board members to see about getting it picked up. Bowls are also part of the President's Challenge so be sure to email me with pictures of finished ones to include in the next newsletter.

Cars, Cars, Cars! What a fun project! We will have some car blanks at the July meeting for anyone who would like to turn a few. They can be as realistic or futuristic as you'd like! Kids love them and it's a great way to introduce the club to the local communities during festivals. Give a few a go and make a kiddo's day! They will be given away at the upcoming Denton Arts and Autos September 11th and any other festivals we are invited to join.

We will be able to have live meetings again soon but need help. We need a few people to learn to run the AV equipment before the meetings and operate the equipment during the demo. Please contact Neal Brand if you are interested in helping. nealbrand70@gmail.com

If y'all have any show and tell or president's challenge projects, please email them to me so I can include them in the newsletters.

Miscellaneous Club Information / Upcoming Activities

President's Letter

This summer is getting busier. The AAW is July 17-18 and SWAT is August 27-29.

We will be having our first live club meeting July 5th at 7:00pm. We will also Zoom the meeting for those of you who can't make the live event. The president's challenge for this month and the next is to make bowls to support the Empty Bowls Program. Bring your completed bowls to the meeting or let me know you have a bowl and we will arrange to pick it up.

The July program by John Solberg should be great for the newer woodturners. Be safe and see you soon.
