

September Virtual & Live Meeting

Gary Sanders

I am a retired fire fighter from Greenville, Tx and began turning professionally in 1993. I have had work in several juried turning exhibitions and have work in museums and private collections. I have demonstrated around the United States and Australia and have taught at craft schools and local turning organizations. My work has been in several publications and I have written an article for the American Association of Woodturners.

Over the years I have changed my style of work and am currently working with plywood and veneers.

The demo will be Hollow Mini Vessels.
I will talk and show how I glue up veneer and plywood to turn a mini vessel.
Turn one using mini hollowing tools that I make and how to make the tools.
I will turn one from start to finish.

August Demos / SWAT

We had a lot going on in August! Cory White gave an awesome demo on flowering vases using turning and carving. It really opened my eyes to the possibilities with some wood pieces that would otherwise be wasted.

We were also invited by Hunt County to view a demo from JoHannes Michaelson on wooden cowboy hats. I don't know about y'all, but this is a personal challenge that I am ridiculously excited to try! This demo definitely is a challenge considering how thin these are recommended to be!

Lets not forget about SWAT either! There were 63 incredible demos given by some masters in the woodturning and carving worlds including our own Neal Brand on turning his famous spoons! More than 640 people attended as well as 33 vendors with some excellent products where we could restock or upgrade our shops. I've requested some numbers but can easily say that there were a lot of Beads of Courage boxes donated. There were what we estimated around 19,000 raffle tickets sold in a 3-for-1 raffle where a few prizes were given each day. Neal Brand donated spoons, forks, a spatula, and a container for them, John Solberg donated a decorative weed pot made from a 150 year old ranch post, and Sharon Ayres donated a cake display with a cake (it was foam so I hope they didn't take a bite! Haha). Steve Thompson won a beautiful hollow form from Lyle Jamieson in the 3-for-1 raffle. CJ Solberg also won a few nice blanks provided by one of the vendors (which I didn't remember to write down).

News

Cars, Cars, Cars! What a fun project! We will have some car blanks at the September meeting for anyone who would like to turn a few. They can be as realistic or futuristic as you'd like! Kids love them and it's a great way to introduce the club to the local communities during festivals. Give a few a go and make a kiddo's day! They will be given away at the upcoming Denton Arts and Autos September 11th and any other festivals we are invited to join. There are 600 completed cars and 434 blanks that are ready to turn!

If y'all have any show and tell or president's challenge projects, please email them to me so I can include them in the newsletters.

Miscellaneous Club Information / Upcoming Activities

President's Letter

Well, SWAT is over for another year. There were over 640 attendees and lots of vendors, but not as many as in the past.

There were lots of good demos and plenty of time to ask questions and mingle with the demonstrators and fellow turners. There were turners from both coasts, Chicago, etc. I know I picked up several pointers and new ideas.

We have several good demos scheduled through the end of the year and don't forget our annual Christmas Party.
