MEETING: 7:00 PM  
FIRST MONDAY OF THE MONTH  
Center for the Visual Arts

## Cheryl Darrow

Cheryl from Ten Seconds Studio will be demoing their Ver-Day Paints and Patina to show just how easy it is to take something from Drab to Fab with simply and easy tricks in painting on wood.

### A little about Cheryl

I have never given much thought to where I find inspiration for my art. Sometimes I dream it, but I have to write down the ideas or I forget them. I can't seem to remember squat because I am in the middle of menopausal senility...power surges. Friends tell me I need to journal my thoughts. I have about 30 journals around my house with a maximum of 3-4 pages done in any of them. You see, I like to *buy* journals...I just can't seem to get into writing in them, much less drawing in them. So, I don't whip out my journal at traffic lights and record my innermost thoughts. If I did, it would be a special thought I might have for some other bozo in front of me who doesn't know there is a speed limit. Hey, that's a good idea...a Road Journal with special thoughts for our fellow travelers. I'm going to go find a journal and write that down!

*Cheryl Darrow continued*

Anyway, back to my inspiration. I have always been able to look at shapes and see something else. When I worked for manufacturers, the projects or samples I created would have to sell an item. Now I'm free to find inspiration in anything I see around me. I actually get quite a few ideas from watching home improvement shows. An application on a wall becomes a background on mat board using inks or chalk. Or, something that is turned into a lamp, I'll recreate the concept and make a shrine. This comes from when I owned a stamp store and customers would want five ideas for each stamp they bought. (I did a lot of thinking on the run.)

I collect a lot of different things...heads and different body parts (these are plastic or cement), old printer type, bingo pieces and most game pieces in general, telephone niches, old typewriters, anything iron, fabric, leather, tile and beach rock. We have a barn on our property and it's packed with all my treasures, or as my husband calls it "all that crap".

I'm always finding "treasures/crap" that I forgot I even had. I've collected phone niches and am trying to revive them into shrines to sell. Had to have typewriters, so I found around six old ones. I started taking one apart, and discovered that old typewriters have approximately 50 ZILLION screws. I'll be in a retirement home with this one typewriter still trying to unscrew all the dopey screws. I may request to be buried with it. It will give me something to do in the great beyond. I better find a journal and write that down.

After having gone through some real special moments in my life, I've come to some deep realizations about life. One such realization is that **life is ten seconds long**. It is really a very simple thought, but it has gotten me through tough times. It helps to put things into perspective when you have limited time. I want my remaining seconds to be full of life and fun. Thus, the name for this company.

## President's Platter Steve Thomason

Denton Arts and Jazz is here! Club members will be turning "cars for kids" to give away at our booth again this year. I had the pleasure of working with two of our mentors to refine my skills turning cars. I found out that I was going at it the hard way. I am much better after my mentoring session! I love the looks on the kids' faces as they get to choose just the right car to take home! If you have attended this event you know what I mean. I encourage all of our members to come and assist at our booth. Turn a car, put on wheels and axles, or just talk to folks about woodturning for a couple of hours. We always have a fun time at this event.

Golden Triangle Woodturners is a chapter member of American Association of Woodturners (AAW). AAW is currently running a new membership campaign. Normal membership is \$60 a year, and is a great value for all of the information you get. During the new membership drive you can get a full years membership for only \$30. That is half price! This offer will end on June 30<sup>th</sup> so if you want to take advantage of this great special off go here: <http://tiny.cc/AAWNewGen>

AAW's 31st Annual International Symposium in Kansas City, Missouri is coming up June 22-25, 2017. I don't think that an AAW conference is going to get closer to us than this one for a while, and it is only a day's drive. I have registered, and hope to see a lot of member there!

Southwest Area Woodturners (SWAT) registration is now open. The registration link is here: <https://wpforum.wufoo.com/forms/swat-2017-registration/> If you are going to stay at one of the two close hotels, get your reservations in now!

Our May demonstrator is Cheryl Darrow. Cheryl will be talking about surface enhancements. Rumor has it that she can turn wood into looking like metal! This should be fun.

The Show and Tell table has been awesome lately. I am amazed at the creativity of our members. Keep up the great work, and showing it off!

Keep Turning!

## Denton Arts & Jazz FESTIVAL

### 2017 DATES

Fri, April 28th, 5pm - 11pm

Sat, April 29th, 10am - 11pm

Sun, April 30th, 11am - 9pm

Mark your Calendars for the Arts and Jazz Festival, 28 April (Friday) thru 30 April (Sunday). Come and stay as long as you can.

Friday we will start about 2:00 PM doing Set up. The actual festival starts at 5 PM. Saturday we will start turning cars at 10:00 AM and go to about 5:00 PM. Sunday we will start at 11:00 AM and go to about 5:00 PM or until we run out of blanks

Come when you can and turn some cars for the kids. The children really like the cars no matter what they look like (the cars not the kids). We have fun doing something nice for the children. See some of last years pictures on the next few pages.

## Sand Paper Organizer for Sale \$20 Donation

There are a few ways that the GTW club can generate monies for operations. We charge a small yearly dues and we have raffles. This helps us to bring people in to do demo's and to have open shops. The money collected at the demonstrations we do like Roanoke and Denton Jazz Festival only pay for the materials for the cars we hand out.

John Beasley has designed and made a number of Sand Paper organizers for the club. This is to help the club generate more money for the year and provide you with a product. These are a great way to get your shop organized. I for one have bought one for my lathe area and love it. First time I can look up and see if I need to get more paper before starting a project. I am more prepared to finish now and it makes working in my shop so much more fun. I will be buying a second for another area of my shop. These make a great gift for other wood workers. Support the club and get your sand paper organizer.

## New AAW Membership Program for non-AAW members

Chapter members can sign up for an AAW membership for \$30, which is a 50% reduction on the regular \$60 rate.

Only chapter members **who have never been AAW members** are eligible for the discount.

Each discounted one year membership includes the printed bimonthly American Woodturner journal (six issues) along with all of the additional member benefits.

The discount is an introductory offer and applies to first year membership dues only.

Chapter members may sign up for the discounted AAW membership only during the exclusive sign up period from April 1 to June 30, 2017 by calling the AAW home office at 877-595-9094 (toll free) Monday through Friday from 8:30 a.m. to 4:30 p.m. CST. (On line sign up should be available on the AAW web site after April 1)

This offer is intended to support chapters by helping accelerate learning for chapter members. For more than 30 years, AAW and its chapters have partnered to share, support, and deliver a shared educational mission to those interested in turning wood. The most well-rounded woodturning learning experience can be achieved through both a local chapter membership and AAW membership - for the "total experience."

**Note:** Golden Triangle Woodturners encourages it's members to become a member of American Association of Woodturners. Check out their web site to view just some of the benefits of membership. <http://www.woodturner.org/>

## SWAT 2017

Okay ladies and gentlemen - the time has finally come to start getting ready for the 2017 SWAT Symposium!

Registration is now open for SWAT 2017 with two convenient ways to register. We have tried to make it as easy as possible for you to register this year, online using Pay Pal or with the old snail mail. Either way gets you in the door for the second biggest Turning Symposium in the world. Our goal is to give you the best demonstrators, vendors, Art Gallery and learning experience for your buck, and still include lunch every day in a relaxed informal atmosphere.

Where else could you find:

- Lots of turning classes (or "rotations") 54 this year
- Electronically delivered Handbook
- Great lunches
- Biggest Art Gallery of all the symposiums
- "2-for-1" drawings, first drawing for ART and second drawing for TOOLS & WOOD
- 4 lathe giveaways
- Over 45 vendors in 90 booths
- Along with Internationally known turners ... demonstrating in the vendor area
- all for \$140

We have also added the sale of 2-for-1 Drawing Tickets (formerly 2-for-1 Raffle) to our registration forms to make it easy for you to order tickets ahead of time. You will be able to pick them up at the Registration Window and add them to the bin when you arrive. There will be volunteers roaming the floor selling tickets all during SWAT and at the Banquet.

This year we will provide you with the option for printing the Demonstrator Handbook yourself or pay for a pre-printed copy. Regardless of your chosen option, we will be delivering it by email to everyone around August 1st to give you the chance to:

1. Look through and decide what Rotations you would like to attend.
2. Print out a portion or the entire Handbook to take with you to the Symposium.
3. Transfer it to your laptop, tablet or phone to take with you.
4. Formulate and write down any questions you have for the demonstrator a head of time.

If you do it yourself, this allows for printing and viewing in color - something we have previously been unable to afford. You can also bind it the way you prefer, spiral, 3 ring binder, staple... etc. For those who do not want to print it yourself, we will pre-print black & white copies for you for \$10, but only if you specify when you register. We may have a few for sale at the window for \$10, while they last.

If you have special dietary needs, please contact Joe Blanek at: [blaneksc@yahoo.com](mailto:blaneksc@yahoo.com).

Looking forward to seeing y'all there this year.

Stormy Boudreaux
