THE WOODTURNER

MEETING: 7:00 PM
FIRST MONDAY OF THE MONTH
Center for the Visual Arts

Charlie Phillips Basket Bowls

I started off as a decorative Artist in the 80s. I started teaching decorative painting about 5 or so years later so I could pay for more ART supplies plus it is nice to help others with there art work.

Then a woodcarving class was offered at the place I was teaching decorative painting in the 90s. So I decided to try wood carving and soon discovered

that it just added another dimension to my decorative painting. After a while I was asked to teach a wood carving as well which just paid for more art supplies.

THE WOODTURNER

Continued

Then we moved from the Vancouver Washington Portland / Oregon area to Texas about 15 years ago and I started teaching wood carving and writing a few articles for wood carving illustrated. About two years ago I decided to take up wood turning which added another dimension to my art work.

I also raise two kids and ran a daycare until they were school age. At that point I drove a school bus so I could have the Summers and holidays off with my kids . My husband's job transferred us to Texas about 15 years ago and we raised our family here. After our youngest kid graduated from high school, for some reason I had no desire to drive a school bus with no AC in the Texas heat.(I'm a heat wimp).

So now I just Carve ,Turn, Burn, and Paint as much as I can.

Sand Paper Organizer for Sale \$20 Donation

There are a few ways that the GTW club can generate monies for operations. We charge a small yearly dues and we have raffles. This helps us to bring people in to do demo's and to have open shops. The money collected at the demonstrations we do like Roanoke and Denton Jazz Festival only pay for the materials for the cars we hand out.

John Beasley has designed and made a number of Sand Paper organizers for the club. This is to help the club generate more money for the year and provide you with a product. These are a great way to get your shop organized. I for one have bought one for my lathe area and love it. First time I can look up and see if I need to get more paper before starting a project. I am more prepared to finish now and it makes working in my shop so much more fun. I will be buying a second for another area of my shop. These make a great gift for other wood workers. Support the club and get your sand paper organizer.
