

Kevin Felderhoff will be performing a demo on [Threading Acorns Made Easy](#). He was born and raised in Muenster, Texas and earned a BS of Industrial Technology with an emphasis in Construction Management from Texas State University in San Marcos, Texas. He has lived in Birmingham, Alabama, Gainesville, Texas and currently lives in Brevard, North Carolina where he turns and designs furniture as a hobby. Kevin's love for building and working with wood began during his high school years. He was fortunate to have an awesome shop teacher who taught him great woodworking techniques. Mastering these techniques led to his building two roll top desks and his love for furniture design began. He continued creating pieces using reclaimed and rescued wood. While in Alabama, a colleague introduced him to woodturning and Kevin quickly became involved with the Alabama Woodturners. He is currently involved with the Carolina Mountain Woodturners and the Golden Triangle Woodturners in Denton, Texas.

Kevin has published three articles in the **AAW Journal**:

- A Commemorative Urn – for a Special Friend
- A BARK-EDGED FLYING-WING VASE
- Threading Acorns Made Easy - DEMO
